

ACCOLADES FROM CLIENTS & BUSINESS ASSOCIATES

"I'm very pleased that the Mary Mills Coxe Inn is no longer part of my real estate portfolio. I appreciate your diligence during the marketing process. I have had the inn listed for nearly five years (approximately two years prior to you) and never had an offer or had a serious buyer. Since your involvement, I have had numerous inquiries and some offers. When the inn sold, there were two serious offers on the table --- neither of which had a second broker involved. .."

"Additionally, during the due diligence phase, you were very helpful in your legwork, fact finding and question answering for the prospective buyer. In other words, I really feel that you earned your commission. If I had another inn, I would certainly employ your (Mike Horton's) services."

Previous Owner
Mary Mills Coxe Inn

". . . I would recommend them (Mike and Rhonda Horton) to anyone in need of support in the inn-keeping profession. The pride they take in their busienss endeavors, the expertise they exhibit and the professional manner in which they work is clearly evident to those who have an opportunity to working with them. . . Senior Vice President
Mountain 1st Bank & Trust

"Michael and Rhonda Horton are active volunteers in this community. Both have made valuable contributions on government boards and nonprofit boards of directors. Their unselfish commitments have been great examples to many."

Terri Hicks
Former Mayor
Flat Rock NC

"Mike and Rhonda Horton have proven ability to take an inn with potential from rough and losing money to polished and profitable. They have done it with Woodfield Inn and again with Inn on Church St., formerly Hendersonville Inn."

Rick Merrill
Accredited Land Consultant
Beverly Hanks and Associates, Realtors

"During my career I have had the opportunity to work as the Executive Chef in many high profile and award winning resorts around the United States. These have included places like Highland Lake Inn in Flat Rock, NC and over the past six years I have had the privilege of being associated professionally with Michael and Rhonda Horton. . . I have much respect for both Michael and Rhonda, and I feel blessed to have had the opportunity to both work with and learn from them."

"In 2005, The Hortons provided me with an opportunity to pursue a career in my chosen field – hotel management. In training me as their inn manager, I observed first hand what encouraging employers they truly are, and the great lengths they go to in creating a positive environment. They have a great amount of respect for their employees and demand only for a similar respect for their business and clientele."
